Rena Grounding Costs

The Treasury has collated and released a summary of costs incurred by the government in relation to the Rena grounding.

These costs reflect the best information available as at 29 January 2013 but are subject to change as the response to the grounding of the Rena is not yet complete.

The costs included in this table cover both business as usual expenditure for time taken in the response to the Rena grounding, and other costs unique to the grounding, such as legal fees and the costs of vessels and expertise used in the clean up process.

Costs incurred by government agencies related to the grounding of the Rena as at 29 January 2013

Agency	Total Cost (\$000)
Maritime New Zealand	36,834
New Zealand Defence Force	7,296
Department of Conservation	907
Ministry for the Environment	803
Ministry of Transport	490
