## Part A - Statement of Objectives and Trends

### Part A1 - Objectives for Vote

#### *Departmental Outcomes*

The appropriations in Vote Senior Citizens will assist in achieving the following Government priority:

- all families, young and old, have the support and choices they need to be secure and be able to reach their full potential within our knowledge based economy.

In particular funding in Vote Senior Citizens will contribute to the positive ageing sub theme.

The key outcome sought for Vote Senior Citizens relates to older people:

Outcome	Outcome Statement
Older People	Older people are valued as important members of society and have the right to dignity and security in their senior years. They have opportunities to use their skills, knowledge and experience to contribute to society.

### Key priorities in Vote Senior Citizens

#### *Senior Citizens Services*

The key priorities for this output expense are to:

- continue to monitor the New Zealand Positive Ageing Strategy
- work collaboratively with other government agencies on policy issues relating to the rights and interests of older people
- continue to support the Volunteer Community Co-ordinators programme to enable community input into policy development.

## **Part A2 - Trends in Vote**

### *Output Trends 2001/02 to 2006/07*

Changes in expenditure in Vote Senior Citizens reflect the nature of policy advice on matters concerning the welfare of senior citizens and related issues in recent years.

In 2004/05 additional funding of \$84,000 was appropriated to extend the New Zealand Positive Ageing Strategy to the local government and community level and enable the Ministerial Advisory Council for Senior Citizens to meet and to undertake work between meetings. It also enabled the Office for Senior Citizens to increase its policy advice capacity in order to respond to issues raised in consultation with older people in the community.

In 2005/06, \$151,000 was transferred from Vote Social Development to Vote Senior Citizens to enable the Office for Senior Citizens to develop a code of practice for home equity release schemes. The code of practice will set standards for the industry and provide a level of protection for older people's financial interests.

In 2006/07 a further \$107,000 was transferred from Vote Social Development to Vote Senior Citizens to continue with the work on the development of a code of practice for home equity release schemes.

## Part C - Explanation of Appropriations for Output Expenses

### Part C1 - Departmental Output Expenses

For more detailed analysis of the output expense, including financial and non-financial performance measures, refer to the Ministry of Social Development's Statement of Intent 2006.

#### *Senior Citizens Services*

Through this output expense the Ministry's Office for Senior Citizens provides policy advice and Ministerial services. This output expense contributes to the Ministry's high-level outcomes for Older People, Families and Whānau, and Communities, Hapū and Iwi. It contributes to these outcomes by ensuring that older people can live independently and contribute to and participate in their families and communities as long as possible. This is achieved by providing advice on legislative, policy and operational issues that affect senior citizens, and by providing advice on related issues from an older people's rights and interests perspective.
