

## Working together for higher living standards

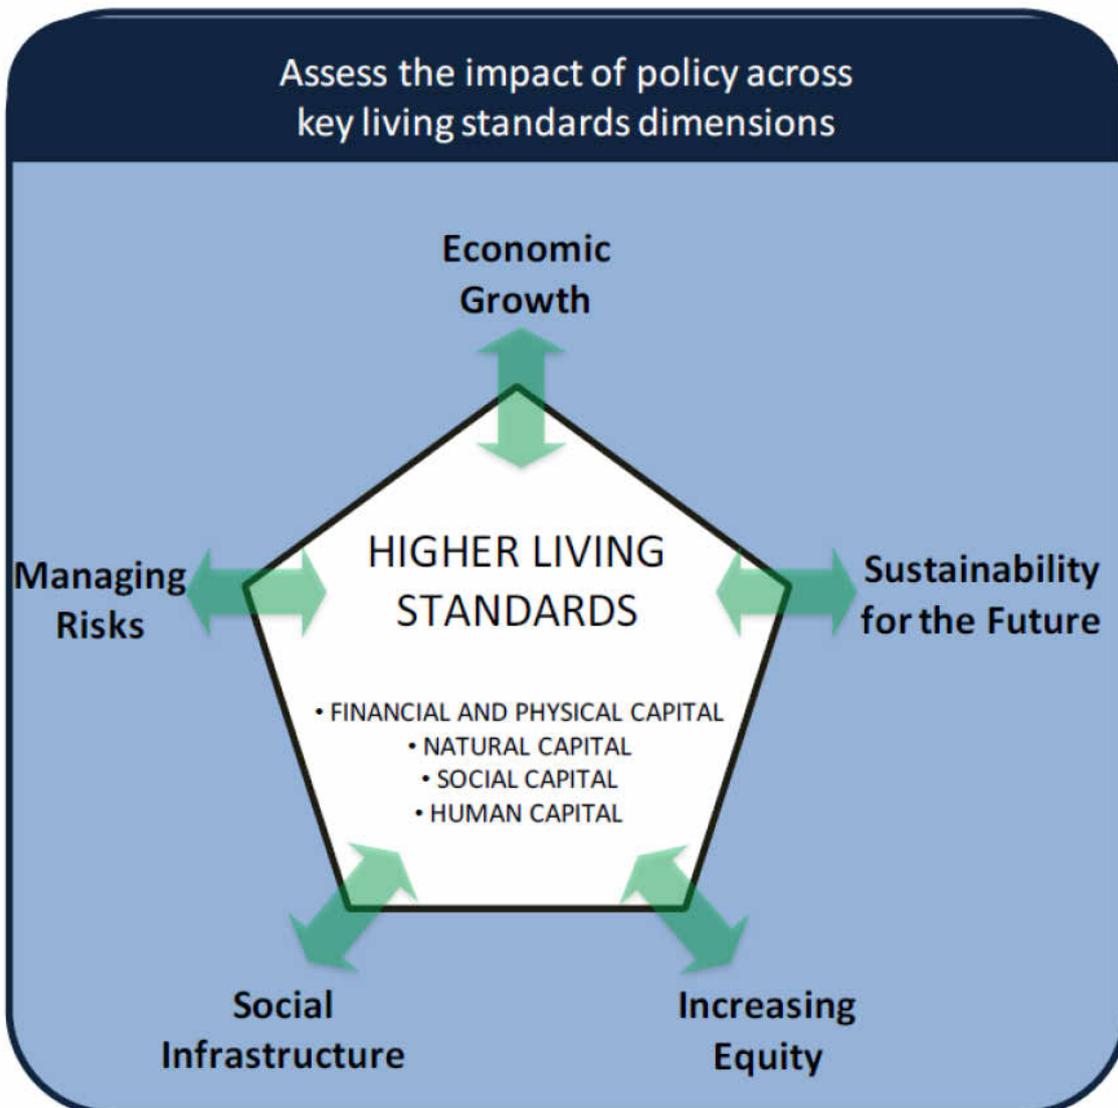

### A workshop of cross agency collaboration on the Living Standards Framework

Venue : Greater Wellington Regional Council Chambers

Shed 39, 2 Fryatt Quay, Pipitea, Wellington

Statistics New Zealand and the Treasury will host a one day workshop in Wellington on **Wednesday November 26th from 9am – 3.30pm**, focused on the theme of 'Working Together' to mark another year of cross agency collaboration on the Living Standards Framework.

The Treasury's vision is to be a world- class Treasury working for higher living standards for New Zealanders. This means thinking beyond economic growth and considering the broader range of human, social and environmental factors that contribute to well-being. The Living Standards framework is a policy tool, highlighting each of five dimensions considered fundamental when providing policy advice consistent with this vision.

The workshop will showcase new and emerging research and seek a range of perspectives across different sectors as we work together to navigate towards higher living standards for all New Zealanders. We would welcome your attendance.

**To register** please go online at [www.stats.govt.nz/livingstandardsworkshop](http://www.stats.govt.nz/livingstandardsworkshop) and complete your details. There is no cost. Morning, afternoon tea and lunch will be provided.

For further information contact Henriette Rawlings on 04 9314465 or email [henriette.rawlings@stats.govt.nz](mailto:henriette.rawlings@stats.govt.nz)
