Comments	<p>Revenue for the year grew strongly across all product lines with the notable exception of the Government contract, which remains frozen at 2010 levels. Export revenue increased strongly by 32% on the prior year.</p> <p>Profit for the year was impacted by an impairment adjustment of \$2.24m for software development in progress. Other cost increases relate predominantly to growth opportunities as well as interest, depreciation and operating charges on the expanding observation network.</p> <p>The proposed dividend is in accordance with the company's dividend policy of 25% of operating cashflow.</p>
