26 JAN 2021

Mr John Quirk
Chair
Kordia Group Ltd

[23]

Dear Mr Quirk

2021/22 OWNER EXPECTATIONS FOR KORDIA GROUP Ltd

I am writing to outline the matters that we expect your board to address in the 2021/22 business planning round.

Government priorities and the response to COVID-19

The COVID-19 pandemic brought unexpected challenges for all New Zealanders. The response to COVID-19 will be of central importance in the coming year. The Government has three overarching objectives: continuing our health response to keep New Zealanders safe from the virus, accelerating the economic recovery from COVID-19 and laying the foundations for a more sustainable and equitable future.

Investing in critical infrastructure and public services will be important to our economic recovery, along with a focus on renewable energy, waste reduction, sustainability and pursuing carbon neutrality in light of the challenges caused by climate change. The Government will also be focused on supporting small businesses, training and job creation opportunities for workers and businesses, and delivering programmes to bolster New Zealand's exports.

Companies and entities that are owned by the Crown will play a role in supporting the response to COVID-19 and social and economic recovery. During 2020 Crown entity and company boards outlined the challenges that they have faced and the strategies that boards have adopted to respond. We expect that you will continue to advise Ministers this year, well in advance of any emerging issues.

The responsible management of Crown-owned company assets and finances, including sound investment and careful control of debt, can also make an important contribution to the COVID-19 recovery ambitions of New Zealanders.

Through the evolving and uncertain COVID-19 environment, we expect that you will continue to focus on your ongoing viability and provision of goods and services. In doing so, we ask that you consider the impact of your decisions on your staff and suppliers.

This letter contains the following information:

- Ministers' specific expectations for Kordia Group Ltd;
- general expectations for companies and entities owned by the Crown; and
- timeline for the 2021/22 business planning process and governance information (Annex 1).

Entity-specific expectations

[25], [37] and [38]

Safety of Life at Sea in various Pacific states

We expect that Kordia will continue its engagement with MFAT and Maritime NZ on Kordia's proposal for a maritime safety communications network in various Pacific states and keep shareholding Ministers abreast of any future developments or hurdles associated with this project.

General expectations

The Treasury released an updated Owner's Expectations document in April 2020 (www.treasury.govt.nz/publications/guide/owners-expectations). The document sets out Ministers' expectations on matters such as information-sharing and engagement with the Treasury, board evaluations, thresholds for consultation or approvals for significant investments, and timeframes for reporting and business planning documents. Some key expectations are reiterated in this letter below.

We ask that you circulate this document to all directors on your board so that they are aware of and understand the frameworks and expectations unique to Crown companies and entities.

Well-being focus

Ministers expect all boards to be cognisant of the Government's focus on well-being. The Government's wellbeing approach is based on a balance of the four capitals in the Treasury Living Standards Framework – Financial, Human, Natural and Social Capital. Boards should consider and reflect the broader impact of their decisions and initiatives in planning and performance reporting. In this respect, some important aspects include corporate social responsibility and acting as a good employer, particularly if boards need to make decisions to respond to commercial or financial challenges such as the impact of COVID-19.

Capital structure and dividends

Where appropriate, boards are expected to return any surplus capital to the Crown so that it may be used to fund other government priorities. Boards should consider Ministers' comments during the annual business planning round when setting their dividend policy, desired capital structure, level of future reinvestment, and capital expenditure.

Valuations

Ministers place significant reliance on the board's estimate of the company's commercial value. We expect these valuations to be robust, and either prepared or reviewed independently, where appropriate. The review should refer to the key assumptions included in the model.

Disclosure of senior management remuneration

Ministers acknowledge that the board is involved in setting the remuneration for the executive team. We expect that remuneration will be appropriately linked to performance and set at a level sufficient to attract and retain the necessary skills within the executive to enable Crown companies and entities to operate successfully.

At the same time, we expect boards to adopt good practice disclosure when reporting on senior management remuneration and, if required, to be able to justify publicly the remuneration decisions that they have made. Shareholding Ministers remain focused on executive remuneration being communicated transparently, and we expect to see this reflected in detailed disclosures in your annual report. We intend to give feedback on the disclosures in your 2019/20 annual report soon.

Supporting diversity

Consistent with the Government's support for diversity and gender balance on boards, boards are encouraged to support diversity and inclusion in the workplace and in leadership teams.

Board performance evaluations

Performance evaluations help boards to improve performance and contribute to the Treasury's advice to Ministers on board composition. We expect that evaluations will now take place annually and should ideally be conducted by an independent evaluator.

No surprises

Ministers expect to be informed well in advance of any material or significant events relating to your company, whether positive or negative. The Owner's Expectations document provides some examples of matters that could fall within the 'no surprises' policy.

In particular, boards should inform Ministers' offices before the announcement of all financial results, and before appearances in front of select committees.

Further information

Your Treasury relationship managers will be in contact shortly after you receive this letter to discuss Ministers' expectations in more detail. If you have any questions please contact Maruta Kanepa (on ^[39]). Alternatively, you can contact Juston Anderson, Acting Manager, Commercial Performance (on ^[39]).

Yours sincerely

Hon Dr David Clark
Minister for State Owned Enterprises
on behalf of shareholding Ministers
