2. Short Updates

Information and process updates for the Minister. The Minister is to indicate if further information is required.

	Topic	Comment	Team Name and Contact	Recommendations and Minister's Feedback
1.	Follow-up from Future of Work Tripartite Forum meeting 22 March	MBIE and social partners are arranging for the Social Insurance Tripartite Working Group (SITWG) to implement the next steps on social insurance following the Future of Work Forum on 22 March	Skills and Work Nick Carroll [39]	
2.	Te Omeka Private Assets Trust Limited Proposal	<p>You met with Te Omeka Private Assets Trust Limited ("Te Omeka Pa") Trustees and representatives from Te Haahi Ratana and the Māori Women's Welfare League in July 2020 on a housing investment proposal, and asked us to work with the Te Omeka Pa to better understand their objectives, and advise on whether the idea was worth progressing, including testing with the Te Omeka Pa as to whether they would be best placed to engage Kāinga Ora directly to partner for social housing delivery.</p> <p>Upon consideration of the proposal we consider that</p> <ul style="list-style-type: none"> The Crown already has efficient and cost-effective tools to be able to raise capital for infrastructure and social housing investment. Based on our engagement, the proposal doesn't appear to provide any benefits or better mechanisms from a funding perspective. Under the Overseas Investment Act, overseas persons must get consent to acquire residential land (and other types of sensitive assets, such as farmland). In general terms, an overseas person is a non-New Zealand citizen or resident, entity incorporated offshore, or entity incorporated within New Zealand that is more than 25 per cent owned or controlled by overseas persons. It seems likely that the structure described by Te Omeka Pa would meet this aspect of the definition, introducing an additional layer of complexity into the proposal as the proposal would need to go before the Overseas Investment Office. <p>It may be possible for Te Omeka Pa to partner with the Crown in the provision of papakainga housing through the Ministry of Housing and Urban Development (HUD) directly without requiring an international element to the transaction. We would suggest Te Omeka Pa explore this option as a possible next step.</p>	Puna Aronui Trevor Moeke [35]	<p>We recommend that you not proceed with the proposal given its limited benefits for the Crown compared with other equity leveraging avenues, and the complexity of implementation it would entail. We also recommend that Treasury officials advise Te Omeka Pa of your decision.</p> <p>We have indicated it may be possible for Te Omeka Pa to partner with the Crown in the provision of papakainga housing through HUD directly without requiring an international element to the transaction. Treasury plans to connect Te Omeka Pa with HUD in order to further explore this option.</p>

3. Updates to Key Priorities

Updates on issues that relate to key priorities identified by the Minister.

Priority Area	State of Play	Upcoming Advice	Minister's Feedback
<p>COVID-19 response</p>	<p>Business support</p> <ul style="list-style-type: none"> • Applications for the Wage Subsidy Scheme (WSSMAR21) closed on Sunday 21 March and applications for the first Resurgence Support Payment (RSPFEB21) closed on 22 March. Applications for the second Resurgence Support Payment (RSPMAR21) will close on 12 April. • Following the commission for further advice on comparator periods and other settings for the Resurgence Support Payment and the Wage Subsidy Scheme, we expect to provide this advice to your office in the week commencing 12 April. <p>Childcare for essential workers</p> <ul style="list-style-type: none"> • We have been working with the Ministry of Education on a Joint Ministers paper on the funding mechanism and cost of an essential workers childcare scheme in the event of a move to Alert Level 4. Cabinet agreed [CAB-20-MIN-0531 refers] that you and the Minister of Education would agree the payment rate and funding mechanism. We understand that the estimated cost of a scheme would be \$5.04 million based on 20 childcare hours for 1,800 families over 4 weeks (and up to approximately \$7 million for the same period if 30 hours were offered). <p>Commercial leases</p> <ul style="list-style-type: none"> • We understand that the Minister of Justice intends to take a paper on commercial leases to DEV on 7 April, which is currently with you for Ministerial consultation. This paper seeks agreement that Government intervention in commercial leases is no longer desirable, to discontinue the voluntary mediation and arbitration service for commercial lease disputes and return \$19 million of unspent funding to the centre. We may provide feedback for Ministerial consultation as anecdotal evidence suggests that rent continues to be an issue for businesses. <p>Immunisation</p> <ul style="list-style-type: none"> • We understand the Minister for COVID-19 Response and the Minister for Workplace Relations & Safety met with MBIE officials on 24 March to discuss whether to seek Cabinet agreement to legislatively require specified high-risk roles at the border only be carried out by vaccinated workers. Ministers signalled different preferences in response to a joint briefing received 15 March (which was forwarded to your office). If Ministers wish to proceed, we understand the intention is to take a paper direct to Cabinet on 6 April seeking policy agreement, with a further Cabinet paper seeking agreement to introduce legislation on 3 May following a three-week minimum drafting period. • Treasury recommends Ministers do not progress further work on these levers for the following reasons: <ul style="list-style-type: none"> ○ The problem to be solved is very small, and regulatory levers do not substantively improve the issue. Voluntary vaccination uptake for border/MIQ workers appears to have been high to date and employers have already extensively redeployed staff where needed (which under employment law requires good faith conversation with employees regardless of whether unvaccinated workers are banned from specified roles). ○ There are significant risks, including to ongoing social licence for the COVID-19 response should the regulation be perceived as unfair, illegal or unjust; and service delivery and workforce sustainability impacts particularly for skillsets that are difficult to backfill. 	<p>Business support</p> <ul style="list-style-type: none"> • Advice on settings for the Resurgence Support Payment and Wage Subsidy Scheme – due week of 12 April. <p>Childcare for essential workers</p> <ul style="list-style-type: none"> • Joint advice on childcare for essential workers – due late March. 	

Priority Area	State of Play	Upcoming Advice	Minister's Feedback
	<p>Borders</p> <ul style="list-style-type: none"> We understand that Minister Hipkins will now be lodging the elimination strategy update Cabinet paper for consideration at Cabinet on 29 March. We have been working with DPMC to see if more can be included in the paper on next steps on the border work. We understand that a related paper is also being progressed next week to establish an Independent Group of scientific experts, with Minister Verrall, that can lead the public conversation about re-opening from a scientific perspective. DPMC and the Ministry of Health are coordinating the development of advice on the border strategy. The Treasury is supporting this work. We are focused on agreeing the programme of work and sequencing of advice to support decisions, and the co-ordination of modelling work that will help to inform judgements on border decisions. Provisional commencement of two-way quarantine-free travel with Australia was agreed by Cabinet on Monday. A report back on 6 April will seek approval for a finalised commencement date and seek confirmation of the system of health checks required and approval of associated costs. 		

[33]

<p>Wellbeing approach</p>	<p>Public Finance System reform</p> <ul style="list-style-type: none"> You will be provided with advice on next steps for the cluster spending reviews and priority setting in the week of 5 April. We are currently working with Justice and Natural Resources cluster officials to develop Terms of Reference for the spending reviews. [34] [33] <p>Living Standards Framework Refresh</p> <ul style="list-style-type: none"> The annual World Happiness Report was released on 20 March 2021. The report ranks 156 countries by how happy their citizens perceive themselves to be and provides analysis into how social, urban and natural environments affect citizens' happiness. The report showed New Zealand to have the 9th highest average happiness of all countries, compared to a ranking of 8th highest last year. 	<p>Public Finance System reform</p> <ul style="list-style-type: none"> Advice on next steps for the cluster spending reviews and priority setting – week of 5 April. 	
<p>Climate change mitigation and adaptation</p>	<ul style="list-style-type: none"> After your meeting with Climate Budget Ministers on 16 March, you have asked the Treasury and agencies for further advice on implementation-ready initiatives that could be considered for addition to the current climate package for Budget 2021. This was provided to you along with overall Budget advice on 19 March. Following your meeting with the Minister for Climate Change on 10 March, officials will work towards preparing a Joint Cabinet paper on a strategic framework for the funding and financing of climate transition, currently scheduled for mid/late April 2021. The shape and focus of this 	<ul style="list-style-type: none"> Joint Cabinet paper on a strategic framework for the funding and financing of climate transition – due on mid/late April 2021.

	<p>paper will be significantly determined by the final decisions on the Budget 2021 climate package.</p> <ul style="list-style-type: none"> Cabinet has decided to bring the policy development of the Climate Adaption and Managed Retreat into the ambit of the Ministerial Oversight Group (MOG) on Resource Management Reform. The Treasury will engage with the development of the policy framework through that process and providing briefings to you as required before major decisions are sought from the MOG and Cabinet. 		
Health reform	<ul style="list-style-type: none"> Cabinet paper on the proposals for the new system operating model was at SWC on 24 March. The Treasury is working with the DPMC Transition Unit on resolving outstanding issues with the Regulatory Impact Statement. Following your request for further information, we have provided you with an Aide Memoire [T2021/651 refers] providing more detail on the funding sought for health and disability reform through Budget 2021. 	<ul style="list-style-type: none"> Joint advice, (from the Treasury, MoH and DPMC), on managing DHB financial performance through transition - due April. 	
Infrastructure	<p>The Cabinet paper on the Transmission Gully Interim Review is expected to be lodged this week for consideration at CBC on 29 March. Housing	<p>Supply Measures</p> <ul style="list-style-type: none"> The Government announced the Housing Acceleration Fund on Tuesday 23 March, comprising an infrastructure fund and additional funding for the Government's Land for Housing Programme. This will be complemented by a Kāinga Ora Land Programme and refocused Residential Development Response Fund. <p>Tax Measures</p> <ul style="list-style-type: none"> The Government has announced two changes to tax measures: <ul style="list-style-type: none"> extending the bright-line test to 10 years (to be legislated immediately); and limiting the interest deductions available for income earned from residential property. <p>Resource Management Reform</p> <ul style="list-style-type: none"> Ministerial Oversight Group meeting #5 on 7 April will cover agreement to the May exposure draft content and other public consultation material. It is also planned to cover integration of Te Mana o te Taiao and consider the appropriate way to reflect the Treaty of Waitangi. 	<p>Supply Measures</p> <ul style="list-style-type: none"> Report back (with HUD) on the design parameters of the infrastructure fund, including alignment with existing infrastructure processes and ongoing collective Ministerial oversight across central Government alignment. <p>Tax Measures</p> <ul style="list-style-type: none"> Consultation document on interest deductibility and remaining issues regarding the bright-line test. <p>Resource Management</p> <ul style="list-style-type: none"> Reform draft papers for MOG - due 26 March 	

Priority Area	State of Play	Upcoming Advice	Minister's Feedback
Housing (continued)	<p>Budget 21</p> <ul style="list-style-type: none"> Eleven bids have been submitted directly relating to housing in Budget 2021. ^[33] <p>The three Māori housing initiatives across Vote Housing and Urban Development and Vote Māori Development will be withdrawn and replaced with a consolidated joint Te Puni Kōkiri (TPK) and MHUD submission. We are yet to see the revised initiative but understand that it will seek \$380 million to deliver approximately 1,000 new places and 700 repaired places over four years.</p> <ul style="list-style-type: none"> We are also waiting on further information on Kāinga Ora's sustainable baseline initiative. Ministers have agreed that the \$3.8b Housing Acceleration Fund will be a charge against the CRRF. We are currently working through the opex and capex profile and how it will be reflected in the forecasts. We will support HUD to report back on the design parameters of the Infrastructure Fund, including alignment with existing infrastructure processes and ongoing collective Ministerial oversight across central Government alignment, and drawdown conditions for the Infrastructure Fund and Large Scale Projects. 	<p>Budget 21</p> <ul style="list-style-type: none"> Advice on outstanding Budget decisions across all portfolios - due 26 March.

2.	Regional Economic Development (MBIE)	Regional Strategic Partnership Fund: Further implementation decisions	This paper seeks Cabinet agreement to decisions to implement the \$200 million Regional Strategic Partnership Fund (RSPF). It seeks policy decisions on three of five programme streams and proposes to reprioritise \$101.130 million of the PGF to support the PDUs and Crown Regional Holdings Limited operational costs Treasury Supports recommendations 1 – 31 in the paper, which relate to operationalisation of RSPF policies and the activation of the PGFL. The Treasury does not support recommendations relating to PGF reprioritisation and recycling of funding: <ul style="list-style-type: none"> • PGF reprioritisation: the paper identifies \$101m in savings which are proposed to be redirected towards PDU's ongoing expenses. The Treasury is supportive of the reprioritisation process but suggest the \$101m is directed towards the RSPF, with PDU opex found through MBIE baselines. Fiscal sustainability: the paper seeks agreement for returns for PGFL investments to be ringfenced and recycled into regional investments. This could capture all investments held by PGFL (including those beyond the RED remit). We recommend this is removed from the paper and the issue is considered alongside projects including MBIE's longer term work on access to capital. Cabinet should note that the Public Service Act 2020 delegates authority to the Public Service Commissioner to issue operational guidance to give effect to any aspect of the proposed statement.</p> <p>We understand the Commissioner intends to issue extended pay restraint guidance as an operational matter under the proposed GWPS, with an indefinite time period.
